

# Lucas da Conceição Silva Moura

Junior Backend Developer

São Paulo, Brazil – ZIP 01103-000 – [pf.lucasmoura@gmail.com](mailto:pf.lucasmoura@gmail.com)

Brazilian, 18 years old

## Professional Summary

Junior backend developer with strong technical foundation and hands-on experience in software development. Worked on internship and academic projects, developing RESTful APIs with C# and ASP.NET. Skilled in relational databases (SQL Server and MySQL). Experienced with OAuth authentication, Git/GitKraken version control, and applying object-oriented programming principles. B2 English level with technical reading and communication proficiency.

## Technical Skills

- **Java 21:** 3 years of experience in backend application development, with strong knowledge of Spring Boot, Maven, and Hibernate.
- **Databases:** MySQL – schema design, complex queries, stored procedures, and performance optimization.
- **REST APIs and OAuth:** Development of secure and scalable RESTful services with authentication and authorization using OAuth.
- **Version Control:** Git (GitHub, GitKraken) for source code management, collaboration, and code review.
- **Software Engineering Principles:** Object-Oriented Programming (OOP) and application of software design patterns for clean, maintainable code.
- **Cloud Computing:** Basic knowledge of Google Cloud Platform (GCP), including application deployment and database instances.
- **Agile Methodologies:** Practical experience with Scrum for backlog refinement, sprint planning, and team collaboration.
- **Languages:** English B2 – proficient in reading, writing, and technical communication.
- **Other Technologies:** C#, ASP.NET; web development with HTML, CSS, and JavaScript; prototyping with Canva; Microsoft Office 365.
- **Financial Knowledge:** Basic understanding of FIDC (Receivables Investment Funds).

## Professional Experience

**Zitec** – São Paulo, Brazil

*Product Analyst Intern - PO/PM*

Nov/2024–Apr/2025

- Participated in backlog refinement, sprint planning, daily meetings, and sprint reviews in a Scrum environment, ensuring alignment with stakeholders.
- Assisted in documenting user stories, system flows, and acceptance criteria to optimize the development lifecycle.
- Performed functional and exploratory testing, validated deliveries, and provided continuous improvement feedback.

**Zitec** – São Paulo, Brazil  
*Software Development Intern (Back-End)*

May/2025–Present

- Developed RESTful APIs in C# with ASP.NET, integrated with SQL Server databases.
- Created ASPX and ASHX pages and implemented front-end solutions with Bootstrap.
- Collaborated in agile teams using Git/GitKraken for version control and clean coding practices.

## Education

**IFSP (Federal Institute of São Paulo)** – Technical Course in Computer Science (Ongoing) 2022–2025  
(expected)
